# Acknowledgement

We have taken a lot of effort into this project. However, completing this project would not have been possible without the support and guidance of a lot of individuals. We would like to extend our sincere thanks to all of them.

We are highly indebted to Dr. Badri Bajaj for his guidance and supervision. We would like to thank him for providing the necessary information and resources for this project.

We would like to express our gratitude towards our parents and our friends for their kind co-operation and encouragement which help us a lot in completing this project.

Our thanks and appreciations also go to our colleague in developing the project. Thank you to all the people who have willingly helped us out with their abilities.

# About the Company

## A Brief Story About The Company

The **Bosch Group** is a leading global supplier of technology and services. It employs roughly **402,600 associates** worldwide (as of December 31, 2021).

The Company generated sales of **78.7 billion euros** in 2021. Its operations are divided into four business sectors: Mobility Solutions, Industrial Technology, Consumer Goods, and Energy and Building Technology.

As a leading IoT provider, Bosch offers innovative solutions for smart homes, Industry 4.0, and connected mobility.

Bosch is pursuing a vision of mobility that is sustainable, safe, and exciting.

# Vision

The Bosch Group's strategic objective is to facilitate connected living with products and solutions that either contain artificial intelligence (AI) or have been developed or manufactured with its help.

# MISSION

01

Our motivation is to turn ideas into solutions. We want to use pioneering technology to improve the quality of life and take responsibility for the benefit of all.

02

In all our activities, we focus on improving quality of life. The connected Vivatmo device for measuring the inflammation of the airways is one example.

03

From London, to the Inca city of Machu Picchu, to Shanghai: This image film shows how our products spark enthusiasm worldwide, improve quality of life, and conserve natural resources.

04

Invented for life: we want our products to spark enthusiasm, improve quality of life, and help conserve natural resources.

# VALUES

## Future and result focus

Our actions are result-focused. This allows us to secure our future. It also creates a sound basis for the social initiatives of the Company and the foundation

## Responsibility and sustainability

We act prudently and responsibly for the benefit of society and the environment.

## Initiative and determination

We act on our initiative, take entrepreneurial responsibility, and pursue our goals with determination.

## Openness and trust

We communicate important company matters in a timely and open fashion. This is the best foundation for a relationship built on trust.

## Fairness

We deal fairly with our colleagues and business partners and view this fairness as a cornerstone of our corporate success.

## Reliability, credibility, legality

We promise only what we can deliver, accept agreements as binding, and respect and observe the law in all our business transactions.

# ETHICS

## Innovation

Creating new breakthroughs and possibilities

## Trust

Core Value and Foundation

## Antifragile

Open, transparent and continuous learning

## Conscious

Enhance quality of Life

## Performance

Deliver superior performance and dependability

# Strategic Priorities

## 01 Focusing on customers

We understand our customers' requirements.  
We tailor our products to them, and we create innovative business models.

## 02 Shaping change

We shape change and seize the opportunities it brings, especially in connectivity, electrification, energy efficiency, automation, and the emerging markets.

## 03 Striving for excellence

We measure ourselves against our strongest competitors. Our work is fast, agile, and accurate. Efficient processes, lean structures, and high productivity secure and increase the value of the Company.

# Strengths

## Bosch culture -

Worldwide, our distinctive corporate culture is a common bond  
We live by our values and strive for continuous improvement.  
We are proud to work for Bosch.

## Innovation -

Our creativity is the basis for new technological solutions that translate into best-selling products. We are innovation leaders.

## Outstanding quality -

We deliver products that offer the best quality and reliability In this way, we meet our customers' wishes and expectations

## Global presence -

We are an international company While constantly extending our global presence, we strengthen local responsibility
